

13th ANNUAL
FUNGAL UPDATE

Friday 2nd and Saturday 3rd March
2018

13th Annual Fungal Update Conference incorporating the Imaging and Infection Workshop

***Haematology, Radiology, Microbiology and Infection Diseases
coming together to debate infection in the immunocompromised***

The Great Hall, St Bartholomew's Hospital, West Smithfield, London EC1A 7BE and The Haberdashers Hall, 18 West Smithfield, London EC1A 9HQ W Smithfield, London EC1A 9HQ

Meeting Highlights of Main Fungal Update Conference

Chairs: *Prof Tony Pagliuca*, Kings College, London and *Dr Tom Chiller*, CDC, USA

Antifungal Management in Haemato-Oncology: Real World Implementation

Prof Nicole Blijlevens, Haemato-Oncology, Nijmegen, The Netherlands. *Prof Johan Maertens*, Haemato-Oncology, Leuven, Belgium. *Dr Andy Peniket*, Haemato-Oncology, Oxford. *Dr Marta Stanzani*, Haemato-Oncology Bologna, Italy

Diagnostics and Therapeutics For Fungal Pathogens – A New Dawn?

Dr Fiona Rudkin, Aberdeen. *Prof Ashraf Ibrahim*, UCLA, USA. *Dr Chris Thornton*, Exeter. *Dr Daniel Poulain*, Lille, France

Fungi, the host response and human disease

Dr Darius Armstrong-James, Imperial College, London. *Dr Neil McCarthy*, QMUL, London, Prof Stuart Levitz, USA

Generic Antifungals and Novel Agents

Prof William Hope, Liverpool, UK. *Malcolm Qualie*, Pharmacy Lead, NHS England

Resistance and Global Issues

Prof Tom Harrison, St George's Hospital, London. *Dr Tom Chiller*, CDC, USA. *Prof Paul Verweij*, Center of Expertise in Mycology Radboudumc/CWZ.

Interactive Case Studies as parallel sessions on Day 2 of conference

Organising Committee: Dr. Samir Agrawal, Dr. Elaine Bignell, Dr. Mansour Ceesay, Dr. Jonathan Lambourne, Dr. Rohini Manuel, Prof. Malcolm Richardson, Prof. Paul Verweij, Prof. Adilia Warris, Dr. Lewis White, Dr. Mark Wilks

13th ANNUAL
FUNGAL UPDATE

Friday 2nd and Saturday 3rd March
2018

CPD Credits: 11 (Accredited by Royal College of Pathologists)

REGISTER NOW www.fungalupdate.org

Inaugural Imaging and Infection Workshop :

Imaging and Respiratory Challenges in the Immunocompromised

Chairs: Chairs: Dr Athar Haroon (Barts Health NHS Trust, London) and Dr Paul Pfeffer (QMUL, London)

Highlights:

Xray and CT of the Chest – Utility and Limitations

Diagnostic work up in the immunocompromised

The future of laboratory diagnostics

Stereotactic-Navigated Bronchoscopy for Biopsy of Lung Nodules – from Cancer to Infection?

CT-PA Driven Management of Lung Nodules in Haemato-Oncology

Imaging of Graft Versus Host Disease

Infection in the Central Nervous System

CT and MRI – PET Molecular Imaging

Registration for FULL 2 DAY CONFERENCE is
ONLY £80 and ONLY £175 with accommodation

Discounted rates available for trainees

Register early online at www.fungalupdate.org to secure your place especially to take advantage of the limited accommodation packages.

Organising Committee: Dr. Samir Agrawal, Dr. Elaine Bignell, Dr. Mansour Ceesay, Dr. Jonathan Lambourne, Dr. Rohini Manuel, Prof. Malcolm Richardson, Prof. Paul Verweij, Prof. Adilia Warris, Dr. Lewis White, Dr. Mark Wilks
